

Training Calendar 2012
Cytron Technologies Sdn Bhd

No	Course Title	Course Code	Day	Jan	Feb	Mar	Apr	May	Jun	Jul	Aug	Sep	Oct	Nov	Dec
Microchip Regional Training Center courses (MRTC)															
1	Getting Started with Mid-Range Microcontroller Family Architecture and Instruction Set	WS-MCU1101	1 day												
2	Mid-Range Microcontroller Family Peripheral Configuration and Usage Using C	WS-MCU1121	2 day												
3	Getting Started with PIC18 Architecture and Instruction Set	WS-MCU2101	1 day					15 KL							
4	PIC18 Microcontroller Family Peripheral Configuration and Usage Using the C18 C Compiler	WS-MCU2121	2 days					16-17 KL							
5	Introduction to the C Programming Language for Embedded Control Engineers	WS-TLS2101	3 days							11-13 KL					
6	USB from Scratch	WS-COM3390	2 days												
Cytron Robotics & Mechatronics Training courses (CRMT)															
8	PIC Microcontroller for Robotics and Mechatronics	WS-CS-01	1 day												
9	PIC Microcontroller Hands-on Workshop (Module 1)	WS-CP-01	3 days				17-19 KL								
10	PIC Microcontroller Hands-on Workshop (Module II)	WS-CP-02	3 days								11-13 KL				
11	PIC Microcontroller Hands-on Workshop (Advance)	WS-CP-03	3 days										16-17 KL		
12	PIC Embedded Mobile Robot Workshop	WS-CM-01	3 days												
13	16-bit MCU/dsPIC Standard Peripherals and Programmin	WS-CP-04	3 days												

* KL=UiTM Shah Alam, South = UTM (Skudai), North = USM (Nibong Tebal)
